# Changing Equilibrium

Please use the graphs below to graph the changes on the “Changing Equilibrium” exercise. Then label the changes in (1) equilibrium price and (2) equilibrium quantity. Thanks for your efforts!

Price goes up / down (circle one)

Quantity goes up / down (circle one)

Price goes up / down (circle one)

Quantity goes up / down (circle one)

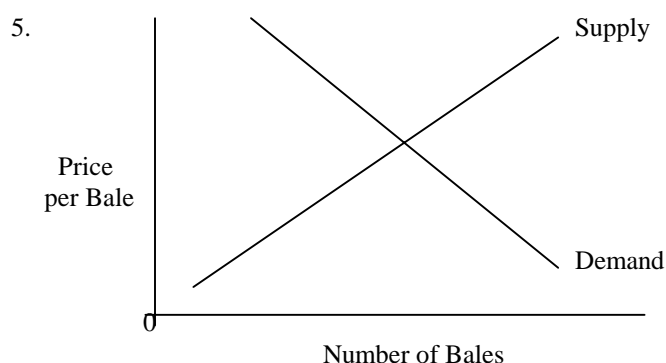

Price goes up / down (circle one)

Quantity goes up / down (circle one)
